- DC-3 3" Dual-Color Snafooz Puzzle:**
- Framework shown is standard & will appear on all puzzles unless otherwise specified by the customer.
 - Foam materials are porous. Dark color inks are recommended over light colors. Fine details and half tones are discouraged in artwork from customers.

For correct reading of logos and artwork, customers should note the logo/artwork layout as according to the artwork template.

Note: There may be other solutions that would cause logos to NOT appear on the outside of the assembled cube.
