

FC-3 Full Color 3" Cube Art Template

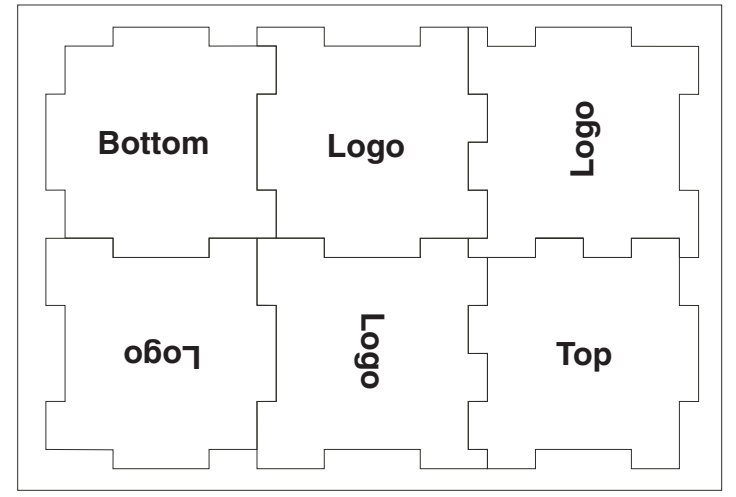

FC-3 3" Full Color Snafooz Puzzle:

- Framework shown is standard & will appear on all puzzles unless otherwise specified by the customer.
- On the front side of this product, the 4-color art is digitally printed on white paper and is laminated w/clear plastic, then laminated to foam. The optional 2nd side imprint is silk-screened with ink.
- Customer may convert background colors as part of the artwork. They should see the PMS Match Box on this template to match the background of their art to the foam color of the puzzle for the highest quality "look" of the finished product.
- Background color will be white if color is not specified or converted by the customer.

For correct reading of logos and artwork, customers should note the logo/artwork layout as according to the artwork template.

Note: There may be other solutions that would cause logos to NOT appear on the outside of the assembled cube.
